PSA1+

PROFESSIONAL STUDIO ARM

The PSA1+ is a professional studio arm for mounting microphones to a desk or table, providing full 360 degree rotation and unrestricted mic placement.

The PSA1+ is compatible with more microphones - supporting any weight between 94g (0.2lbs) to 1.2kg (2.7lbs). It has a horizontal reach of 940mm (37") and a vertical reach of 860mm (34").
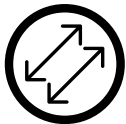

It features an integrated cable management system that fits both USB and XLR cables. The PSA1+ also comes with a universal mic thread adaptor, a desk mount clamp for mounting to surfaces up to 70mm thick and a threaded desk insert for mounting to surfaces up to 55mm.

The PSA1+ is compatible with all RØDE Microphones and shockmounts except for lavalier, mobile, wireless, headset microphones and the SM5.

- Premium professional studio boom arm for podcasters, streamers, broadcasters, and creators
- Innovative parallelogram spring design for precise mic placement and ultra-smooth movement
- Fully damped springs for completely silent operation
- Superior isolation from keyboard, mouse and desk noise
- Integrated cable management for both USB and XLR cables
