

SC10

TRRS TO TRRS CABLE

The SC10 is a high-quality 3.5mm TRRS to TRRS cable designed to connect compatible microphones, such as the VideoMic NTG, to cameras and other devices that can accept a TRRS audio input. It features a flat and flexible memory cable section for keeping your connections fixed and tidy, a junction box compatible with RØDE shock mount cable management slots, and integrated strain relief sleeves.

- High-quality shielded 3.5mm TRRS to TRRS patch cable
- 30cm (12") long
- Integrated strain relief sleeve and junction box
- Memory cable and flex cable segments
- Gold-plated contacts for superior audio reproduction
