

# VIDEOMIC™

DIRECTIONAL ON-CAMERA MICROPHONE

The RØDE VideoMic is a professional-quality condenser shotgun microphone designed for on-camera use. It features a highly directional supercardioid polar pattern, plus a high-pass filter and two-stage pad for added versatility. The VideoMic also features an integrated Rycote® Lyre® shock mount that provides excellent isolation from unwanted rumble and vibrations in the microphone and is powered by a 9V battery.
