

VIDEOMICRO II

ULTRA-COMPACT ON-CAMERA MICROPHONE

The VideoMicro II is an ultra-compact and lightweight on-camera shotgun microphone for recording high-quality audio with a camera or mobile device. Featuring RØDE's innovative annular line tube technology, it delivers highly transparent and directional sound ideal for content creation and filmmaking applications. With no batteries required and no complicated controls, it is incredibly simple to use, and the innovative HELIX™ isolation mount system and included windshields will ensure all your recordings are crystal-clear.

- Ultra-compact on-camera shotgun microphone
- 3.5mm TRS output for connecting to cameras or mobile devices
- No batteries required
- Annular line tube technology for highly transparent and directional sound
- Innovative HELIX™ isolation mount system
- Deluxe foam and furry windshields included
- 3.5mm TRS to TRS and TRS to TRRS cables included
- Designed and made in Australia
