STUDIO CONDENSER MICROPHONE

The RØDE NT1 is a large-diaphragm condenser microphone suitable for a wide range of studio applications. Delivering warm, round bass, a detailed midrange, and smooth high frequencies reminiscent of the world's most famous mics, coupled with exceptionally low noise, the NT1 is the definition of a workhorse studio microphone – a modern classic.

- Large 1" gold-sputtered capsule
- Exceptionally low noise (4.5dBA)
- Smooth frequency response (20Hz – 20kHz)
- True condenser operation with cardioid polar pattern
